

CHROMEBOOK POLICY

Dear Parents and Guardians,

We are excited to announce our new Chromebook policy for the upcoming school year. As part of our commitment to ensuring that every student has access to the tools they need for success, we have outlined the technology requirements and options for Chromebooks below. Phyl's will no longer rent out Chromebook, the parents must either purchase a used one from the school or a new one from a vendor.

Chromebook Purchase Options:

1. Used Chromebooks:

- The school offers used (As-Is) Chromebooks for \$60, which includes the computer, charger, and a protective bag.
- **Important Note:** Any issues with the device (such as repair needs) will be the parent's responsibility.

2. New Chromebook Purchases :

- If you choose to purchase a new Chromebook, the following requirements must be met:
 - The Chromebook must be **black, gray, or dark blue** in color.
 - The system must be able to connect to our school network. For configuration and programming, it will need to be dropped off at the school for setup.
 - The **deadline for drop-off is July 10th.**

Chromebook Purchase Links:

Below are a few links to trusted vendors where you can purchase Chromebooks that meet our requirements:

1. [HP Chromebook Laptop 14at-nf000_14"](#)
